Dear Dion's Doggy Day Care

I am definitely a regular customer! I've taken my new puppy in twice and the salon has done a great job both times. They even remembered her name the 2nd time. Their prices are very reasonable. I have never made an appointment, just walked in and they were able to finish the job on time as promised. The employees are great - very nice and professional. They also have extra services besides wash and groom!!

'The Captainess'

Dear Dion's Doggy Day Care

not only treat my dog (Puggle) as if it were family but the Furminator Solution is a miracle for getting rid of shedding! Karen is a great owner and the staff is just as nice. The people here are real who just want to please the customer and I definitely saw this just by coming here once. Service was fast and, again, this Pet Salon is THE BEST IN THE DALLAS METROPLEX. I'll be back soon!
